Governance RACI

Status

Simulated / created for portfolio

Related control	Period covered
CTL-01 — Security governance and responsibilities	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Security governance and responsibilities; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-01_Security_governance_and_responsibilities/E-001-01_Governance_RACI.csv

E-001-02

Policy Approvals and Actions

Status

Simulated / created for portfolio

Related control	Period covered
CTL-01 — Security governance and responsibilities	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Security governance and responsibilities; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-01_Security_governance_and_responsibilities/E-001-02_Policy_Approvals_and_Actions.csv

E-002-01

Asset Inventory

Status

Simulated / created for portfolio

Related control	Period covered
CTL-02 — Asset inventory and classification	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Asset inventory and classification; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-02_Asset_inventory_and_classification/E-002-01_Asset_Inventory.csv

E-002-02

Classification Samples

Status

Simulated / created for portfolio

Related control	Period covered
CTL-02 — Asset inventory and classification	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Asset inventory and classification; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-02_Asset_inventory_and_classification/E-002-02_Classification_Samples.csv

E-003-01

Critical Vendor Inventory

Status

Simulated / created for portfolio

Related control	Period covered
CTL-03 — Third-party risk management	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Third-party risk management; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-03_Third_party_risk_management/E-003-01_Critical_Vendor_Inventory.csv

E-003-02

Vendor Actions

Status

Simulated / created for portfolio

Related control	Period covered
CTL-03 — Third-party risk management	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Third-party risk management; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-03_Third_party_risk_management/E-003-02_Vendor_Actions.csv

E-004-01

User Access Roster

Status

Simulated / created for portfolio

Related control	Period covered
CTL-04 — Access lifecycle and access reviews	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Access lifecycle and access reviews; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-04_Access_lifecycle_and_access_reviews/E-004-01_User_Access_Roster.csv

E-004-02

Quarterly Review Sample

Status

Simulated / created for portfolio

Related control	Period covered
CTL-04 — Access lifecycle and access reviews	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Access lifecycle and access reviews; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-04_Access_lifecycle_and_access_reviews/E-004-02_Quarterly_Review_Sample.csv

Privileged Account Inventory

Status

Simulated / created for portfolio

Related control	Period covered
CTL-05 — Privileged access and MFA	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-05_Privileged_access_and_MFA/E-005-01_Privileged_Account_Inventory.csv

E-005-02

MFA Configuration Report

Status

Simulated / created for portfolio

Related control	Period covered
CTL-05 — Privileged access and MFA	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-05_Privileged_access_and_MFA/E-005-02_MFA_Configuration_Report.csv

E-005-03

Privileged Access Approvals

Status

Simulated / created for portfolio

Related control	Period covered
CTL-05 — Privileged access and MFA	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-05_Privileged_access_and_MFA/E-005-03_Privileged_Access_Approvals.csv

E-005-04

MFA Exception Register

Status

Simulated / created for portfolio

Related control

CTL-05 — Privileged access and MFA

Period covered

2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-05_Privileged_access_and_MFA/E-005-04_MFA_Exception_Register.csv

E-005-05

Authentication Logs

Status

Simulated / created for portfolio

Related control

CTL-05 — Privileged access and MFA

Period covered

2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-05_Privileged_access_and_MFA/E-005-05_Authentication_Logs.csv

E-006-01

Change Sample Register

Status

Simulated / created for portfolio

Related control

CTL-06 — Change management

Period covered

2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Change management; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-06_Change_management/E-006-01_Change_Sample_Register.csv

E-006-02

Change Review Notes

Status

Simulated / created for portfolio

Related control	Period covered
CTL-06 — Change management	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Change management; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-06_Change_management/E-006-02_Change_Review_Notes.csv

E-007-01

Vulnerability Scan Summary

Status

Simulated / created for portfolio

Related control	Period covered
CTL-07 — Vulnerability management	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Vulnerability management; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-07_Vulnerability_management/E-007-01_Vulnerability_Scan_Summary.csv

E-007-02

Remediation and Exceptions

Status

Simulated / created for portfolio

Related control	Period covered
CTL-07 — Vulnerability management	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Vulnerability management; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-07_Vulnerability_management/E-007-02_Remediation_and_Exceptions.csv

E-008-01

Logging Coverage

Status

Simulated / created for portfolio

Related control	Period covered
CTL-08 — Logging and monitoring	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Logging and monitoring; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-08_Logging_and_monitoring/E-008-01_Logging_Coverage.csv

E-008-02

Alert Triage Sample

Status

Simulated / created for portfolio

Related control	Period covered
CTL-08 — Logging and monitoring	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Logging and monitoring; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-08_Logging_and_monitoring/E-008-02_Alert_Triage_Sample.csv

E-009-01

Incident Response Plan

Status

Simulated / created for portfolio

Related control	Period covered
CTL-09 — Incident response	2026-10-01 to 2026-10-15 (sample; some records older)

Description Plan identifies incident commander, security contact, escalation, and communication roles; processor coordination steps are generic.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-09_Incident_response/E-009-01_Incident_Response_Plan.docx

E-009-02

Incident and Tabletop Summary

Status

Simulated / created for portfolio

Related control	Period covered
CTL-09 — Incident response	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Incident response; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-09_Incident_response/ E-009-02_Incident_and_Tabletop_Summary.csv

E-010-01

Data Flow and Inventory

Status

Simulated / created for portfolio

Related control	Period covered
CTL-10 — Sensitive data protection	2026-10-01 to 2026-10-15 (sample; some records older)

Description Fictional flow shows temporary card-data handling by payment API and transmission to processor; tokens and transaction metadata retained. One support-export path is not mapped.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-10_Sensitive_data_protection/ E-010-01_Data_Flow_and_Inventory.docx

E-010-02

Encryption and Retention Samples

Status

Simulated / created for portfolio

Related control	Period covered
CTL-10 — Sensitive data protection	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Sensitive data protection; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-10_Sensitive_data_protection/ E-010-02_Encryption_and_Retention_Samples.csv

E-011-01

Backup Coverage

Status

Simulated / created for portfolio

Related control	Period covered
CTL-11 — Backup and recovery	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Backup and recovery; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-11_Backup_and_recovery/E-011-01_Backup_Coverage.csv

E-011-02

Restore and Access Review

Status

Simulated / created for portfolio

Related control	Period covered
CTL-11 — Backup and recovery	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Backup and recovery; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-11_Backup_and_recovery/E-011-02_Restore_and_Access_Review.csv

E-012-01

Transaction Control Narrative

Status

Simulated / created for portfolio

Related control	Period covered
CTL-12 — Payment transaction integrity	2026-10-01 to 2026-10-15 (sample; some records older)

Description Narrative describes authorization, transaction references, and reconciliation; technical implementation evidence is limited.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-12_Payment_transaction_integrity/E-012-01_Transaction_Control_Narrative.docx

E-012-02

Reconciliation and Change Sample

Status

Simulated / created for portfolio

Related control	Period covered
CTL-12 — Payment transaction integrity	2026-10-01 to 2026-10-15 (sample; some records older)

Description Sample records for Payment transaction integrity; inspect the rows, dates, population, exceptions, and missing fields.

Simulated source / owner Fictional system/owner

Limitations Sample limitations; verify relevance, completeness, reliability, period, and population.

File location Evidence/CTL-12_Payment_transaction_integrity/E-012-02_Reconciliation_and_Change_Sample.csv
