Evidence Register

Reading copy of the accompanying Excel workbook.

E-001-01 Governance RACI

Associated Control CTL-01 — Security governance and responsibilities	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Security governance and responsibilities; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-01_Security_governance_and_responsibilities/E-001-01_Governance_RACI.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-001-02 Policy Approvals and Actions

Associated Control CTL-01 — Security governance and responsibilities	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Security governance and responsibilities; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-01_Security_governance_and_responsibilities/E-001-02_Policy_Approvals_and_Actions.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-002-01 Asset Inventory

Associated Control CTL-02 — Asset inventory and classification	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Asset inventory and classification; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-02_Asset_inventory_and_classification/E-002-01_Asset_Inventory.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-002-02 Classification Samples

Associated Control CTL-02 — Asset inventory and classification	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Asset inventory and classification; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-02_Asset_inventory_and_classification/E-002-02_Classification_Samples.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-003-01 Critical Vendor Inventory

Associated Control CTL-03 — Third-party risk management	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Third-party risk management; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-03_Third_party_risk_management/E-003-01_Critical_Vendor_Inventory.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-003-02 Vendor Actions

Associated Control CTL-03 — Third-party risk management	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Third-party risk management; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-03_Third_party_risk_management/E-003-02_Vendor_Actions.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-004-01 User Access Roster

Associated Control CTL-04 — Access lifecycle and access reviews	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Access lifecycle and access reviews; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-04_Access_lifecycle_and_access_reviews/E-004-01_User_Access_Roster.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-004-02 Quarterly Review Sample

Associated Control CTL-04 — Access lifecycle and access reviews	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Access lifecycle and access reviews; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-04_Access_lifecycle_and_access_reviews/E-004-02_Quarterly_Review_Sample.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-005-01 Privileged Account Inventory

Associated Control CTL-05 — Privileged access and MFA	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-05_Privileged_access_and_MFA/E-005-01_Privileged_Account_Inventory.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-005-02 MFA Configuration Report

Associated Control CTL-05 — Privileged access and MFA	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-05_Privileged_access_and_MFA/E-005-02_MFA_Configuration_Report.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-005-03 Privileged Access Approvals

Associated Control CTL-05 — Privileged access and MFA	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-05_Privileged_access_and_MFA/E-005-03_Privileged_Access_Approvals.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-005-04 MFA Exception Register

Associated Control CTL-05 — Privileged access and MFA	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-05_Privileged_access_and_MFA/E-005-04_MFA_Exception_Register.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-005-05 Authentication Logs

Associated Control CTL-05 — Privileged access and MFA	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Privileged access and MFA; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-05_Privileged_access_and_MFA/E-005-05_Authentication_Logs.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-006-01 Change Sample Register

Associated Control CTL-06 — Change management	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Change management; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-06_Change_management/E-006-01_Change_Sample_Register.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-006-02 Change Review Notes

Associated Control CTL-06 — Change management	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Change management; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-06_Change_management/E-006-02_Change_Review_Notes.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-007-01 Vulnerability Scan Summary

Associated Control CTL-07 — Vulnerability management	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Vulnerability management; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-07_Vulnerability_management/E-007-01_Vulnerability_Scan_Summary.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-007-02 Remediation and Exceptions

Associated Control CTL-07 — Vulnerability management	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Vulnerability management; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-07_Vulnerability_management/E-007-02_Remediation_and_Exceptions.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-008-01 Logging Coverage

Associated Control CTL-08 — Logging and monitoring	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Logging and monitoring; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-08_Logging_and_monitoring/E-008-01_Logging_Coverage.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-008-02 Alert Triage Sample

Associated Control	Simulated Source / Owner
CTL-08 — Logging and monitoring	Fictional system/owner
Period Covered	**Status**
2026-10-01 to 2026-10-15 (sample; some records older)	Simulated / created for portfolio

Description Sample records for Logging and monitoring; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-08_Logging_and_monitoring/E-008-02_Alert_Triage_Sample.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-009-01 Incident Response Plan

Associated Control	Simulated Source / Owner
CTL-09 — Incident response	Fictional system/owner
Period Covered	**Status**
2026-10-01 to 2026-10-15 (sample; some records older)	Simulated / created for portfolio

Description Plan identifies incident commander, security contact, escalation, and communication roles; processor coordination steps are generic.

Relative File Path Evidence/CTL-09_Incident_response/E-009-01_Incident_Response_Plan.docx

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-009-02 Incident and Tabletop Summary

Associated Control	Simulated Source / Owner
CTL-09 — Incident response	Fictional system/owner
Period Covered	**Status**
2026-10-01 to 2026-10-15 (sample; some records older)	Simulated / created for portfolio

Description Sample records for Incident response; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-09_Incident_response/E-009-02_Incident_and_Tabletop_Summary.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-010-01 Data Flow and Inventory

Associated Control CTL-10 — Sensitive data protection	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Fictional flow shows temporary card-data handling by payment API and transmission to processor; tokens and transaction metadata retained. One support-export path is not mapped.

Relative File Path
Evidence/CTL-10_Sensitive_data_protection/E-010-01_Data_Flow_and_Inventory.docx

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-010-02 Encryption and Retention Samples

Associated Control CTL-10 — Sensitive data protection	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Sensitive data protection; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-10_Sensitive_data_protection/E-010-02_Encryption_and_Retention_Samples.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-011-01 Backup Coverage

Associated Control CTL-11 — Backup and recovery	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Backup and recovery; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path Evidence/CTL-11_Backup_and_recovery/E-011-01_Backup_Coverage.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-011-02 Restore and Access Review

Associated Control CTL-11 — Backup and recovery	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Backup and recovery; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-11_Backup_and_recovery/E-011-02_Restore_and_Access_Review.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-012-01 Transaction Control Narrative

Associated Control CTL-12 — Payment transaction integrity	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Narrative describes authorization, transaction references, and reconciliation; technical implementation evidence is limited.

Relative File Path
Evidence/CTL-12_Payment_transaction_integrity/E-012-01_Transaction_Control_Narrative.docx

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.

E-012-02 Reconciliation and Change Sample

Associated Control CTL-12 — Payment transaction integrity	**Simulated Source / Owner** Fictional system/owner
Period Covered 2026-10-01 to 2026-10-15 (sample; some records older)	**Status** Simulated / created for portfolio

Description Sample records for Payment transaction integrity; inspect the rows, dates, population, exceptions, and missing fields.

Relative File Path
Evidence/CTL-12_Payment_transaction_integrity/E-012-02_Reconciliation_and_Change_Sample.csv

Limitations / Assessor Notes Sample limitations; verify relevance, completeness, reliability, period, and population.
